

## OUR MISSION & VISION

The Southern Automotive Women's Forum is a 501(c)(3) nonprofit dedicated to the personal and professional advancement of women in the automotive industry. SAWF achieves this mission by collaborating with industry partners to create educational, mentoring and networking opportunities for its members. Our members serve as strong role models for one another and for young women of all ages who are interested in STEM fields (Science, Technology, Engineering, and Math) with the hope that they will apply these skills to the automotive industry of the future. Since its inception in 2010, SAWF has also awarded over \$285,000 in scholarship funds to young women beginning their careers in STEM and to women seeking to enhance their opportunities.
