

All Girls Auto Know® At Spring Hill Middle School In Tennessee

POSTED ON BY [SAWF2018](#)

On February, 23, 2023 SAWF along with a team from General Motors Spring Hill Manufacturing presented the All Girls Auto Know® program to over 300 girls at Spring Hill Middle School. The girls heard presentations on careers in automotive and participated in hands-on STEM activities. Thank you to General Motors for the grant they provided for SAWF to be able to host this event.
